

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

The ancient Parish of Ryton was a very extensive one, comprising the present ecclesiastical parishes of Ryton, Winlaton, Stella, and Greenside.

The Parish of Winlaton was formed November 6th, 1832; that of Stella August, 1844; and that of Greenside May 6th, 1888.

The ancient Parish of Ryton was divided into four quarters: Ryton, Winlaton, Crawcrook, and Chopwell. Each quarter had its own churchwarden, and kept its own account of church income and expenditure.

The Parish Registers begin with the year 1581, and are contained in 26 Volumes, carefully and strongly bound, in very many cases by the provident care of the Rev. C. Thorp, for 55 years Rector of Ryton (1807 to 1862), for 31 years (1832 to 1863) Archdeacon of Durham, and from 1829 Prebendary of the Second Stall in Durham Cathedral.

One Volume of the Registers of Marriages has been lost for more than a century. It includes the period from May 11th, 1767, to February 3rd, 1776. It is stated in a note to Dr. Thorp's Catalogue of the Registers dated 1813, to have been missing since 1794.

The first entry in a separate Register of Marriages is dated April 15th, 1754, but the old custom of entering the Marriages in the same Volume with Baptisms and Burials was kept up until August 9th, 1807, so that in spite of the missing Volume there is an unbroken list of Marriages from 1581 to the present day.

The earliest Account and Minute Book begins with the year 1597, and an unbroken series of these books, comprised in 7 Volumes, carries down the record to the present year.

There are also 10 small Volumes, forming a very broken series from 1593 to 1758, containing accounts of the Easter Offerings and Outen Tithes. A description of these books written by the present Rector of Ryton, will be found in the "Archæologia Aeliana," Vol. XIX., p. 39.

A small Volume is devoted to "Collections made for preventing felonies, 1741."

A very interesting Volume was drawn up in the 18th century by John Lloyd, Rector of Ryton. He entitles it "Liber in usum Rectoris Ecclesiæ de Ryton in perpetuum, labore et cura Johannis Lloyd Rectoris Ab Anno 1738 ad Ann. 1765."

The subjoined Table of Contents will show the great interest attaching to this Volume :—

Later Rectors have made a few notes, and the present Rector has carefully copied into the book all letters and other papers that he has been able to find relating to the parish, taking, of course, every care for the preservation of the originals, and has catalogued in it a number of deeds and documents of various kinds.

Where the entry is illegible, or where there is no entry at all, the Editor has indicated it by [*blank*], and where any doubt as to the name existed, by a query.

‡ *Ibid.*, p. 48.—ED.

The letters *lic.* indicate that the Marriage was solemnized by License : where this does not occur it was in all cases performed after the Publication of Banns.

It is well to remind readers that previous to 1752 the year began on the 25th of March, instead of, as now, on the 1st of January.

The Society is indebted to Mr. J. W. Fawcett, of Satley, for numerous notes and revisions of proofs.

* The Volume of the Marriage Registers from May 11th, 1767, is lost. The Marriages have fortunately been also entered in the old fashion in the same book with Baptisms and Burials from March 25th, 1754, to May 19th, 1797, so that the entries in the missing Register of Marriages can be and are here supplied from the General Register.—Ed.

* A form of entry of the marriage of George Pasmoor, br., and Ann Blackburn, sp., is set down under date May 2nd, 1778, and subsequently erased. Banns were duly published on the 12th, 19th, and 26th April. There is no explanation of the reason for the erasure of the entry.—Ed.

† The date of this entry cannot be correctly given as Aug. 3rd, as the Banns were not called for the third time until Aug. 30th, yet, strangely, in the margin of this entry in the Banns Book, there is the note "married Aug. 3rd." In the General Register the entry follows that of John Millie's wedding, with no date given, this, according to the usual custom, would mean that the date Aug. 24th belongs to each entry, but cannot be the correct date in view of the date of the third calling. Probably the date should be Sept. 3rd.—Ed.

He and his son, John Alexander Craiggy, conducted a school at Crawcrook, and that school turned out more distinguished men connected with the coal trade than any other village school in the North of England.
